PROFILE

Computer Engineering graduate with hands-on experience in Android development and web technologies. Proficient in Java, XML, Firebase, with expertise in building responsive mobile applications. Developed real-time apps featuring chat, task management, and multimedia sharing using Android SDK and Firebase. Detail-oriented and fast learner with a passion for writing clean, maintainable code and delivering user-centric solutions.

SKILLS

Languages: Java, XML, Dart, SQL

Mobile Development: Android Studio, Android SDK, Firebase (Realtime DB, Auth, Storage), Material Design, Fragments, UI Components, Lottie Animations, WebView Integration

Cross-Platform: Flutter (Beginner)

Web Technologies: HTML5, CSS3, JavaScript (Basic), Progressive Web Apps (PWA)

Database: MySQL, Firebase Realtime Database

Tools: Git, GitHub, VS Code

EDUCATION

Bachelor of Engineering (Computer Engineering)

CGPA: 7.96 | Year of Graduation: May - 2025

Gyanmanjari Institute of Technology, Bhavnagar

Higher Secondary Certificate (H.S.C.)

Percentage: 77.38% | Year: 2021

Shree Mangalmurti Vidhyalaya, Mahuva

Secondary School Certificate (S.S.C.)

Percentage: 77.67% | Year: 2019

Nutan Vidhyapith, Mahuva

PROJECTS

WebNest – Flutter PWA Wrapper | [Link](#)

- Flutter-based Android app that loads any website via WebView with PWA support.
- Includes session management, offline access, and smooth browsing experience.
- Enhances mobile web accessibility and user retention.

Duta Chat Application | [Link](#)

- Real-time Android chat app with end-to-end encryption using Firebase.
- Key features: login/signup, friend requests, chat list, messaging, profiles, and group chats.
- Supports multimedia sharing, full-screen image view, and custom UI components.
- Built with Java, XML, Firebase, and Android SDK.
- Enhanced communication speed and user privacy.

ToDay Do – Productivity App | [Link](#)

- Firebase-powered Android app for managing personal tasks and schedules.
- Features: user authentication, dashboard, task categorization, scheduling, and reminders.
- Helped users increase task completion and daily productivity.

Calculator App – [Android](#) & [Flutter](#)

- Developed in both native Android (Java/XML) and Flutter (Dart).
- Clean UI using Material Design; responsive layout for various screen sizes.
- Delivers fast, accurate calculations with intuitive interaction.

INTERSHIP

Apni Technologies – Mobile App Development Intern

- Integrated Progressive Web Apps (PWA) with Android using WebView, improving app performance and user engagement.
- Implemented session management and offline capabilities, enhancing user retention and reliability.

Eleics Design Pvt. Ltd. – Web Developer Intern

- Developed and optimized websites and web applications to meet client requirements.
- Ensured responsive design and cross-browser compatibility, resulting in improved user experience and wider accessibility.
